

# Member of the Month

Mike Lisowski

---

I have a 1976 cream color Vette, I am new to the club for about one month now and enjoy being a member. We live in Dover, De.

About 6 or 7 years ago my wife and I talked about buying a Corvette but I couldn't justify owning a Vette as a toy. Then a little over a year ago a very good friend of mine ( a father figure) was told he had brain cancer and was given 6 months to live, he died in 5 ½ . Realizing that live is too short we decided to buy a Vette.

It took about 5 months to find the Corvette we wanted. We found it outside of Pottstown, Pa. This car has been 90% restored and runs great. It was owned by a man that is 72 years old and he had been restoring the car for his grandson for about 11 years. Last year his grandson died suddenly at the young age of 22 and the car sat for a year. After I bought it he told me the story. As I was leaving his house I noticed his wife crying I stopped and told him maybe this car should stay in his family and he disagreed with me. Said that if I didn't buy

it someone else would and he felt that I would take care of it. We have been to several car shows and have won 4 trophies with it and are having a great time enjoying it. It is a lot of fun meeting and talking to people at shows.
